Sponsor A Pastorbox

70% of pastors in developing countries have no theological training whatsoever. There is an urgent need to give them free training via the device that most now own, their mobile phone!

Our Pastorbox wireless hotspot sends training materials to mobile phones and does not require Internet or electricity (see below). Cybermissions aims to build, load (with resources) and place 200 Pastorbox units in 2019.

For $199 you can sponsor the donation of a Pastorbox wireless hotspot that will help train thousands of pastors in remote areas of the world.

With Pastorbox they can download bible and ministry training to their phones and tablets. There is also no need for expensive textbooks! Senior pastors in each area will assist with the training process and give local guidance.

Imagine the gratitude that pastors in the most remote parts of the world will feel when they can finally get the bible and ministry training that they have longed for!
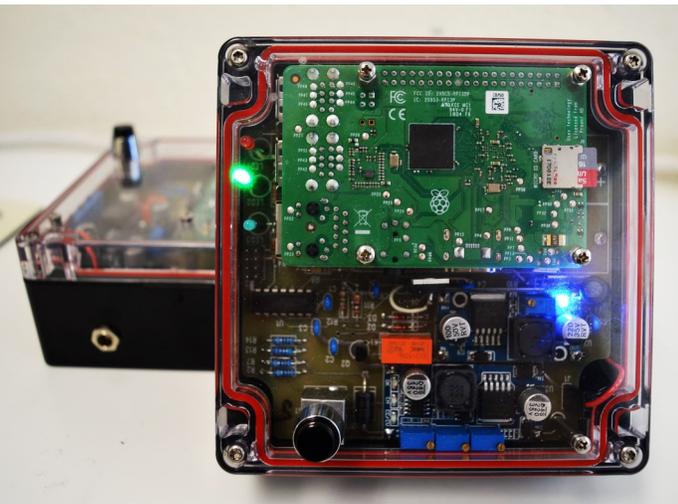

The $199 cost includes:

1. The Pastorbox unit
2. 16GB micro-SD card
3. Two rechargeable batteries
4. Pre-loaded training content in up to five languages
5. Manual and instructions
6. Initial tech support
7. Sales tax
8. Shipping

Pastorbox is a portable digital library that enables learners to download free bible resources and courses straight to their laptops, tablets and mobile phones via a wireless signal transmitted by the Pastorbox (similar to logging onto wireless at an airport or a coffee shop).

The resources are stored on an SD card and are shared with pastors via a strong wireless signal that can travel 200 feet (60 meters) and can easily serve 30 or more pastors simultaneously. Pastorbox does not require an Internet connection because it creates its own wireless hotspot. A Pastorbox can easily serve 200 pastors during a morning session. Pastors, evangelists and church-planters can then get together in small groups to go over the materials they have received.

The unit is designed to last for at least five years even under rugged conditions. If it is used just once every two weeks to share resources with 200 people that makes 5,200 people per year receiving training, which works out to for a total of 26,000 Christian leaders helped over the lifetime of the Pastorbox. Thus the cost of training is less than one cent per pastor who receives Pastorbox resources! Your gift will keep on giving!
